Legacy Emanuel Medical Center
100 Years of Excellence, 1912 - 2012

Honoring the Past … Envisioning the Future

A Gala Benefit for Legacy Emanuel Medical Center

Saturday, April 6, 2013
7 – 11 p.m.
The Atrium, Legacy Emanuel Medical Center

About Legacy Emanuel Medical Center

Legacy Emanuel Medical Center has been central to the health and growth of the greater Portland area for 100 years — since its 1912 opening in a converted three-story house. Founded by the Rev. Carl Renhard as a way to address the health care needs of the emerging community, Legacy Emanuel has developed into a pioneering regional medical center for critical and advanced care.

Legacy Emanuel Medical Center plays a vital role in the metropolitan area and region, providing around-the-clock expertise and treating critical health conditions.

As a leader in trauma, burn and intensive care, as well as the region's hub for Life Flight and other critical care transport, providing specialized care is central to what we do. Legacy Emanuel takes pride in being a medical pacesetter, employing specialists in virtually every area of treatment.

A proud history … An exciting future

To honor our proud history, we are planning for the future with an expansive remodel that will greatly improve the quality of care for our patients and their families.

Improvements for specialized care are currently underway, bringing state-of-the-art renovations and technology to the hospital. Many rooms are being remodeled to give them enough space for advanced equipment. Plus, the hospital will offer more space for emergency patients and new, highly specialized intensive care units for heart and neurological-trauma patients.

Additionally, we are making the hospital more comfortable for patients and their families. Waiting areas will feature living spaces, and our conference and health care research rooms with feature Internet connections.
