The Behavioral Health Clinician's Role in Caring for Pediatric Patients with Diabetes

WHAT: The Children's Health Alliance and Foundation is partnering with Randall Children's Hospital Diabetes & Endocrine Center to conduct a free community-wide training. Dr. Radhika Purushothaman and the multidisciplinary team from Randall's will present the latest information on caring for children & adolescents with Type 1 Diabetes. The event will focus on the role of behavioral health clinicians in caring for this important group, and building collaborations between specialty services, pediatric medical homes, and community-based behavioral health clinicians.

WHEN: Thursday May 31, 2018
6:00pm – 8:00pm
Buffet dinner starts at 5:30pm

WHERE: Lorenzen Conference Center
Legacy Emanuel Hospital
2801 North Gantenbein Ave. Portland, OR 97227

ADVANCE REGISTRATION IS REQUIRED
