

Legacy Health

Legacy Portal Tip Sheet:

Features and Uses

Welcome to the Legacy Portal for providers.

How to access the portal

You can access the Portal from internal workstations at Legacy or remote computers or mobile devices such as tablets and smartphones. There are multiple options for how to access the portal.

If you have questions about access, contact the IS Service Desk at 503-415-5888 (x55888) or 360-487-5888 (Washington).

Option 1

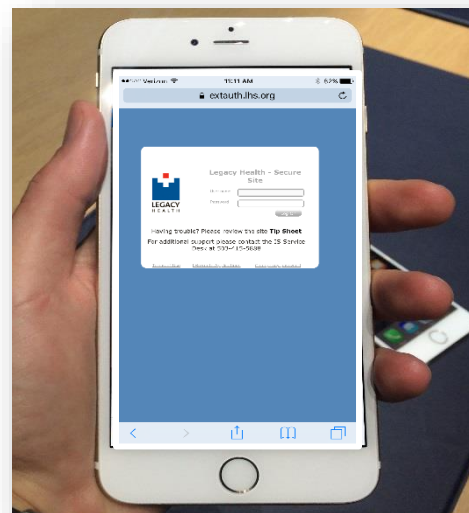

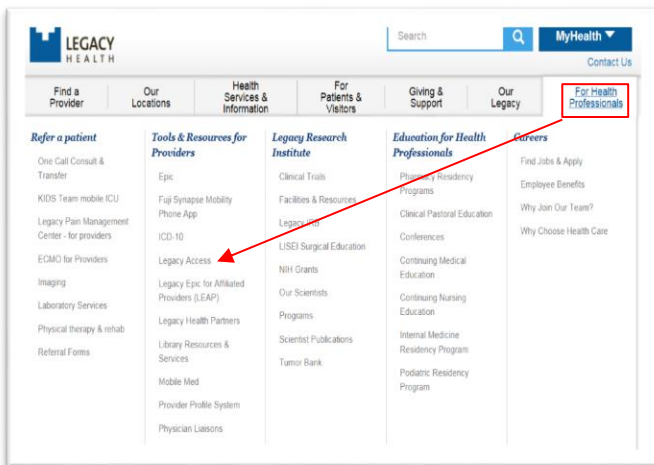

Direct URL at legacyportal.lhs.org. Log in with your Legacy credentials.

Option 2

Go to legacyhealth.org and under “For Health Professionals,” go to Legacy Access

Option 3 Mobile Devices

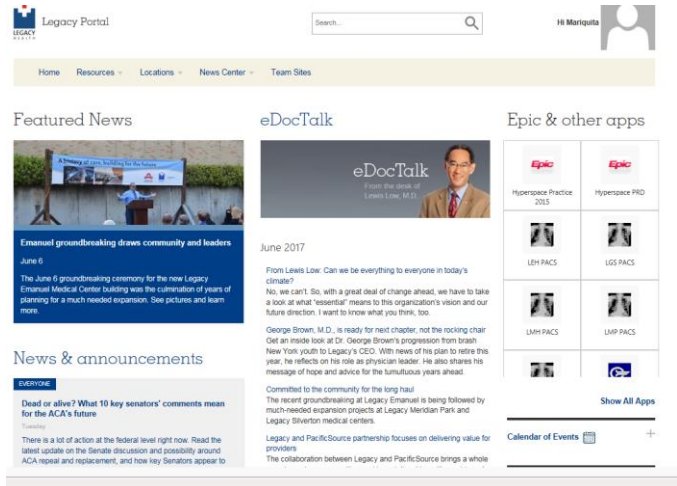

Go to legacyportal.lhs.org

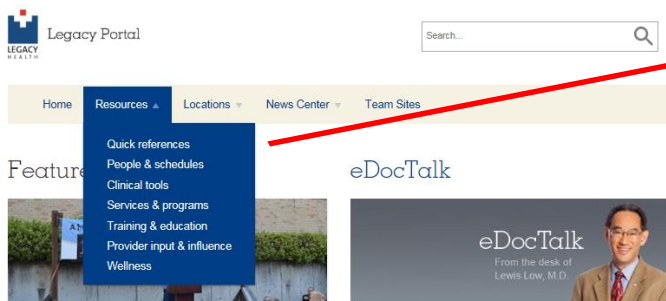

NOTE: If you have used lhremote.org on your mobile devices in the past, your browser may attempt to auto complete the lhremote URL. Make sure you are pointing your url to legacyportal.lhs.org

The **Home page** provides a starting point for quick access to some of your most-utilized resources and tools, including Epic, PACS and other citrix applications, News highlights, *eDocTalk*, Calendar of Events and Blogs.

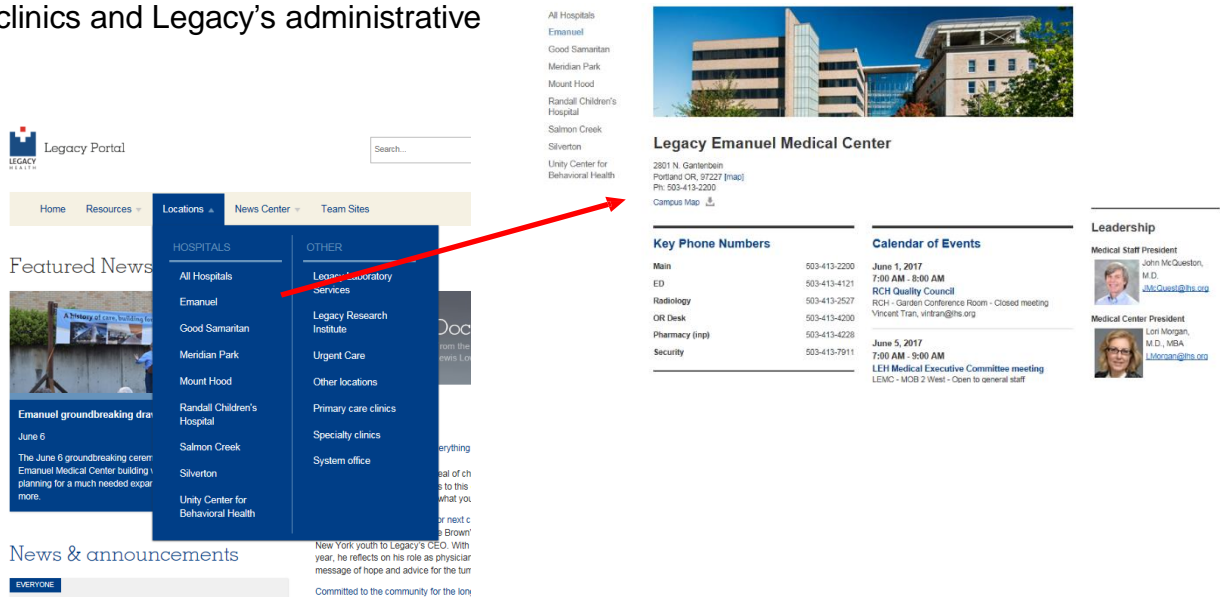

Resources includes links to quick references, clinical tools, schedules, training and education and services.

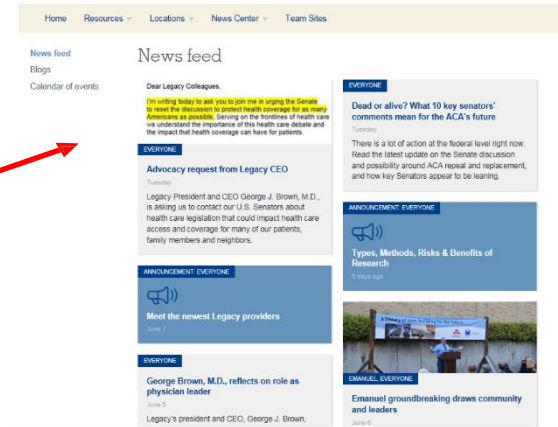

Quick references

Locations includes links to Legacy hospitals, primary care, urgent care and specialty clinics and Legacy's administrative offices.

News Center includes news feeds and announcements, blogs, and events calendar.

You can add your **comments** to News articles on the Portal.

My quick links can be customized to add direct access to sites and resources on or outside the portal.

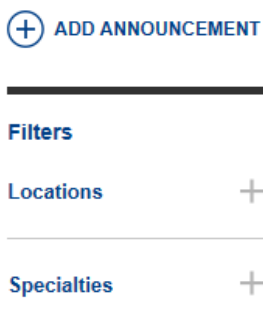

Tell us how we can improve

On every page, there's a button for submitting feedback, enhancement and content suggestions. Let us know how we can improve the Portal.

Customize your experience

You can filter events and news based on your locations and specialties.

Tips when working from home/remotely

For easiest access to the portal:

- Internet Explorer and Chrome are the recommended browsers
- Bookmark "legacyportal.lhs.org" for the next visit
