The list above represents insurance companies we most commonly bill on behalf of our patients. The list is subject to change and may not include all insurances or networks we bill.

Legacy Laboratory Services will submit a claim to all insurances; however, this submission does not guarantee coverage or payment from that payor. Patient deductibles, co-insurance, co-pays and non-covered charges are the responsibility of the patient.

It is best to always verify with your insurance as to which testing laboratories are in network or participating providers, as each plan/group may have specific restrictions.

To inquire about our uninsured discount or our financial assistance policy, please contact our billing office at **503-413-4420** or **1-800-233-3570**.
