

## Saving Lives . . . A Night for Heroes

*A gala benefit for Legacy Emanuel's ECMO program*

Friday, October 5, 2018 • 6:30 p.m. • The Atrium at Legacy Emanuel Medical Center

*The Saving Lives gala will raise funds to support Legacy Emanuel's Extracorporeal Membrane Oxygenation (ECMO) program.*

### A MEDICAL LEADER

Legacy Emanuel Medical Center plays a vital role in the Portland metropolitan area, and throughout the Pacific Northwest, as a medical pacesetter, nationally known for its around-the-clock expertise for critical health conditions. Founded by Rev. Carl Renhard in 1912 to address the health care needs of the growing community, Legacy Emanuel continues to serve as a pioneering regional hub for the highest level of care.

The hospital's advanced specialized services include a Level I Trauma Center, a Level I Burn Center, ECMO technology and the LifeFlight Network, plus emergency medical specialists in virtually every field of medicine. These extraordinary, life-saving regional services are a crucial part of Legacy Emanuel's commitment to ensure the most innovative and comprehensive care options are available for patients of all means.

### SAVING LIVES

For people who are seriously ill or injured, the right care can save their life and help them continue to live to their fullest potential. The revolutionary technology known as **extracorporeal membrane oxygenation (ECMO)** — available only at specialized centers — allows the lungs to rest, giving the body time to fight the infection, by oxygenating the blood outside of the body when the lungs cannot function normally.

***“Legacy’s mobile ECMO team is the only reason I’m alive today. If they hadn’t made it to St. Charles in Bend, Oregon, I wouldn’t be here today. When they got there, they told me I had less than 45 minutes left.” — A grateful patient***

ECMO is used to treat patients with conditions resulting from respiratory failure, the flu, pneumonia, a traumatic injury, near drowning, sepsis or shock. Since 2013, Legacy's ECMO program has earned the ELSO (Extracorporeal Life Support Organization) Award for Excellence in Life Support. This award signifies that Legacy's program has been recognized as a “distinguished leader in critical care” with “demonstrated extraordinary achievement in patient care, training, collaboration, education and communication.”

### YOUR SUPPORT IS NEEDED

Through your support of our ECMO program, we will enhance Legacy Emanuel's role as the region's trauma hospital of choice and provide services that allow residents of our communities to receive this life-saving care close to home.

**For additional information**, please contact Michelle Birman, events and sponsorship coordinator, at 503-413-6466 or [mbirman@lhs.org](mailto:mbirman@lhs.org).
