

### **Entries from The Children's Garden Guest Book August 18, 2010**

The garden is my favorite place to visit in this hospital. My children love this place too, so friendly and peaceful a place that we can have some quiet time away from our patient room. Thank you so much for the wonderful gardening and decorations. This is the place where we can breathe better!

8/8/10 Today I came to visit my grandma here and my cousins wanted to go out here.

From Mexico, Guadalajara, Jalisco

This is a beautiful hospital. In this place, it is nice to see how the children play. They feel happy and have happy hearts. There are many generous people in the world with a good heart.

I am from Mongolia. I like this garden. My friend stayed in this hospital 8 days. Today I take him outside. He is very happy to be here. I hope everybody enjoys this garden. Harold and Baggi 8/6/10

I am staying with my baby brother. I love the garden. It helps him sleep. It is very peaceful and the plants are amazing. My baby brother's favorite plant is the monkey puzzle tree. And our baby loves the Tin Man. Thanks for a great time. With love, Jazzy and Sebastian

August 11, 2010 Thank you for creating such a beautiful, peaceful oasis for patients and those of us visiting from afar. Barbara, whose brother is a patient and thus far, a medical mystery.

The garden has "loved" us through our son's brain surgery and has really made a difference. Thank you, M. Peterson

8/15/10 Little B is here with pneumonia that has been unresponsive to treatment for 13 days. We are finally seeing the light at the end of the tunnel. She loves the turtles. Thanks.

8/14/10 What a blessed garden of peace. My nephew is here with a head injury. This place has been an awesome place to bring the little ones when we visit.
