

Medical Terminology for the HTR in Rehabilitation Medicine

Define the following:

1. Activities of daily living
2. Advanced activities of daily living
3. Abduction
4. Abuse
5. ADA 1990
6. Adduction
7. Accessibility
8. Acinetobacter
9. Adaptation
10. Alignment
11. Ambulate
12. Anatomy
13. Anger
14. Aphasia
15. Apraxia
16. Arteriosclerosis
17. Asepsis
18. Assistive device
19. Atherosclerosis
20. Atrophy
21. Attitude
22. Autonomic dysreflexia
23. BP cuff
24. Bacteria
25. Barrier
26. Basic needs
27. Blood pressure
28. Body mechanics
29. Brachial pulse
30. Candida
31. CPR
32. Cerebral vascular accident
33. Cardiomyopathy
34. Cardiovascular
35. Carotid pulse
36. Cataract
37. Catheter
38. Cerebral
39. Chart
40. Certification
41. Clinical reasoning
42. Clostridium difficile
43. Coccyx
44. Communication
45. Community reintegration
46. Confidentiality
47. Contaminate
48. Contracture
49. Coronary artery disease
50. Deconditioned
51. Decubitus ulcer
52. Depression
53. Dermis
54. Diabetes
55. Diastolic pressure
56. Disability
57. Disinfect
58. Document
59. Dysarthria
60. Dysphagia
61. Edema
62. Embolus
63. Emesis
64. Empathy
65. Ethics
66. Extremity
67. FIMS
68. Femoral pulse
69. Flaccid
70. Functional mobility
71. Gait

Medical Terminology for the HTR in Rehabilitation Medicine

- | | | |
|---|-------------------------|--|
| 72. Gait belt | 96. Neuropathy | 120. Thrombus |
| 73. Grief | 97. Neuropsychologist | 121. Transfer |
| 74. Guillain-Barre | 98. Osteoarthritis | 122. Vancomycin Resistant Enterococcus |
| 75. HIPPA | 99. Pathogen | 123. Visually impaired |
| 76. Heart disease | 100. Physiatrist | 124. |
| 77. Hemiplegia | 101. Physiology | 125. |
| 78. Hemiparesis | 102. Positioning | 126. |
| 79. HIV | 103. Precautions | |
| 80. Hyperglycemia | 104. Pressure sore | |
| 81. Hypertension | 105. Procedure | |
| 82. Hypotension | 106. Protocol | |
| 83. Incontinence | 107. Pseudomonas | |
| 84. Infection control | 108. ROM | |
| 85. Isolation | 109. Radial pulse | |
| 86. Ischemic stroke | 110. Registration HTR | |
| 87. Klebsiella | 111. Rehabilitation | |
| 88. Lethargy | 112. Restorative | |
| 89. Licensure | 113. Rotation | |
| 90. Methicillin Resistant Staphylococcus Aureus | 114. Slide board | |
| 91. Military time | 115. Stance | |
| 92. Mobility aids | 116. Subdermal hematoma | |
| 93. Myocardial infarction | 117. Supine | |
| 94. NPO | 118. Systolic pressure | |
| 95. Neurogenic bladder | 119. Therapeutic | |
