

# **Narcotic Use in Pregnancy**

Drug use during pregnancy can harm the health of the mother and baby. The policy for Legacy Center for Maternal-Fetal Medicine is that NO narcotics will be prescribed after the close of business hours. Efforts will be made to order a quantity of medicine sufficient to cover your needs from visit to visit. Please discuss this with your physician at the time of your visit.

I have read and understand the Legacy Center for Maternal-Fetal Medicine policy on narcotic prescriptions.
