

2015 Toy & Child Life Program Wish List

This wish list consists of toys and supplies which can be enjoyed by hospitalized patients throughout the year. These items are used to stock the playrooms, where multiple patients can benefit from playing with the toys, and also given to individual patients to have in their own rooms. Additionally, we play weekly group activities, such as BINGO, and require small items in the \$5-15 range for all ages which can be used as prizes.

Please note our toy donation guidelines and restrictions:

- For the health and safety of our patients, we are only able to accept new and unwrapped items in their original packaging.
- We kindly request no holiday themed items.
- Toys with any fabric are not washable per our toy cleaning policy and must be given to one child to take home. Toys made of all plastic are washable and can be beneficial to multiple patients.
- Items with an asterisk (*) below are frequently requested and most needed by the Child Life Program.

If you would like to make a cash donation which allows us to purchase toys and arts and crafts supplies, please visit www.legacyhealth.org/childrenshospitalgiving. In the drop-down box under the heading "Donor Designations," please designate your gift to Child Life.
