

Legacy Employee Health Services

Infectious Disease Post Exposure Checklist

Next Steps for Legacy Employees who have had an infectious disease exposure at work:

- ☐ Follow the first aid instructions you were given by the nurse triage line
- ☐ Report to your supervisor, manager, or charge RN as soon as possible so they can assess for a substantial exposure
- ☐ File an ICARE about your exposure and follow these steps:

- ☐ Report using the Employee Workplace Event Type
- ☐ Provide a description of the incident and patient name, MRN in the ICARE report
- ☐ Provide details: what PPE was used? What precautions were in place? How could this be prevented from happening again?
- ☐ Review policy 600.08 for specific guidance for post-exposure process
