LEGACY EMANUEL

# Expert care for kids

Randall Children's Hospital at Legacy Emanuel is proud to partner with pediatricians and community providers from across the region who trust us to care for their patients. When you refer patients to us, you are giving them access to a medical staff with unrivaled breadth and depth of pediatric expertise and a state-of-the-art hospital designed exclusively for the special health care needs of children.

This directory is designed to help make referral into Randall Children's Hospital as easy as possible. This guide also notes Randall Children's services offered at other Legacy Health locations and regional health care organizations. In this directory, you will find:

- **Pediatric Sub-Specialties**
- **Emergency/Urgent Care**
- **Critical Care**
- **Transport/Legacy One Call**
- **Inpatient Medicine**
- **High-Risk OB**
- **Family Birth/Newborn Services**
- **Primary Care**

# Transport/One Call

## KIDS Team Mobile ICU

The KIDS Team Mobile ICU brings the unmatched experience of Randall Children's Hospital directly to the child by transporting critically ill neonatal and pediatric patients throughout the Pacific Northwest by ground and air. Our goal is to provide the same advanced level of care during transport that a child receives as a patient in one of our critical care units.

The KIDS Team travels throughout the Pacific Northwest — from Alaska to Montana to California. The team is ready for immediate activation 24 hours a day, 365 days a year.

**To activate a KIDS Team transport, call Legacy One Call Consult & Transfer, 1-800-500-9111.** A trained placement specialist will connect you with either a neonatologist or PICU intensivist for a consult or activation of the KIDS Team.

The KIDS Team is prepared to transport patients with conditions including:

- Acute mental status deterioration
- Cardiac arrest
- Complex fluid management issues
- Congenital heart disease
- High-frequency ventilation (both neonates and pediatrics)
- Ingestions
- Newborn requiring vasoactive infusions
- Nitric oxide therapy (both neonates and pediatrics)
- Patients in shock
- Patients requiring mechanical ventilation
- Patients with arterial or central lines
- Pre-ECMO (neonates and pediatrics)
- Premature infants
- Protocol for body cooling/ neuro-protection
- Respiratory distress (both neonates and pediatrics)
- Uncontrolled seizures
- Unstable airway

## Legacy One Call Consult & Transfer Service

### 1-800-500-9111

Legacy One Call is available 24/7 to physicians across the region. There's no need to call Bed Access or a nursing supervisor. With Legacy One Call, physicians will have their patients admitted or have a bed secured in the shortest time possible.

Additionally, a Legacy One Call patient placement specialist can help arrange:

- Telemedicine for critical care support or Tele-Baby to assist with newborn resuscitation (at connected sites)
- Phone consultations or transfers for pediatric patients
- Emergency room referrals
- Direct admissions
- Transport (including access to Randall Children's Hospital KIDS Team Mobile ICU and Life Flight for neonatal and pediatric transport and treatment)
