I am originally from the San Francisco Bay Area. I hold a B.A. in Philosophy and Religion from San Francisco State University and a Master of Divinity from Pacific School of Religion in Berkeley, California. I completed my CPE residency (focused in behavioral health) at Sharp Memorial Hospital in San Diego. I have a background in both hospital and hospice chaplaincy and feel fortunate that I have had the opportunity to serve in these fields. My ministry is spiritually grounded in a New Thought tradition which has included Christianity, mysticism and Zen Buddhism. I find it an incredible opportunity to be a chaplain and to be of service to others by providing support in a time that is often fearful and challenging. In my free time, I also enjoy being in nature, rock climbing, and spending time with my family and Chihuahua.

I received a Master's Degree in Psychology from Naropa University and a Master's Degree in Divinity from Maitripa College. My professional background includes experience as a Child Protection Worker and years of volunteering as co-facilitator at the Dougy Center for grieving families. I enjoy many forms of exercising, particularly outdoors connecting with the earth and the elements, and being with my children.

It is my honor to serve at this hospital as an Associate Chaplain under the profound guidance of Rev. Delong and Rev. Rowland. I dedicate my continued service to help those suffering in their darkest hour to benefit the suffering of all beings.

Dionys Murphy, M.Div.

I hold a Master of Divinity and Certificate of Pastoral Care through Marylhurst University and am endorsed by the Catholic Archdiocese of Portland as a Lay Chaplain. A "cradle Catholic," my care is also deeply informed and transformed by a Zen Buddhist practice of more than 25 years. Before joining the Spiritual Care staff at Emanuel as an interfaith chaplain, I completed my ACPE residency at Oregon State Hospital in Salem. Previous to this, I served in hospice, university ministry, and at the Native American Youth and Family Center. It is my joy to be able to continue my service in the Legacy Emanuel setting of inclusivity, diversity, grace, compassion and clinically oriented, heart-centered care as a part of an interwoven, interdisciplinary team. My family and I live and grow in Portland, where we enjoy a life together gardening, laughing, playing in the ocean and engaging in Martial Arts.
