

## LEAP support for MACRA reporting

LEAP will support MACRA reporting for the 33 Epic supported Merit-Based Incentive Payment (MIPS) quality measures listed below, with reporting for additional measures to come with the Epic 2017 upgrade. This support for MACRA participation is an added value for our LEAP partners that is covered by the yearly maintenance fee.

Customized enhancement requests above and beyond these Epic support quality measures below will be considered on a case by case basis and will require custom support available at an additional cost to the LEAP partner.

For questions about LEAP support for MACRA reporting, please contact your Field Operations Adviser.
