Smoking cessation prior to elective surgery

Smoking Status
- Current Smoker: Tobacco Use Past 30 days
- Recent Quit: Tobacco Use Past year
- Remote Quit: Tobacco Use Over 1 year ago

Cessation
- Options
  - Refer to Program
  - Refer to PCP
  - Do it yourself

Verification of Cessation
- Cotinine
  - HPCP code G0432
  - urine or serum
  - if positive or if using NRT use one of these alternate tests: Anabasine
    - HCPC code G0480
  - Exhaled CO
    - CPT code 94250
    - on-site equipment

Surgery Scheduler
- The scheduler sends relevant chart notes and PA (prior authorization) request to health plan along with:
  - length of abstinence
  - negative lab results
  - for patients who have quit smoking for at least one year, an attestation is sufficient.
