

TECHNICAL STATEMENT

September 16, 2010

Product code:

T501-4AT

This is to certify that this product is made from virgin resin. The resin manufacturers certify that it meets the ROHS and Coneg requirements for heavy metals.

Heavy metals such as lead, mercury, cadmium, hexavalent chromium, Polybrominated biphenyls and Polybrominated diphenyl are not used or added in the production process or in the resin formulation any incidental presence of these metals does not exceed the percentage 0.1% as required by law.
