## Legacy LabAlert

An Important Message from Legacy Laboratory Services

### Introducing Patient Lab Appointment Self Scheduling

#### [Schedule A Lab Visit](#)

Patients may now schedule LLS Patient Service Center visits online. To schedule an appointment, go to our Laboratory Service Centers page: From your cell phone, tablet or PC, search for [legacyhealth.org/labservices](https://www.legacyhealth.org/labservices):

- Choose the [Schedule a Lab Visit](#) option (<https://www.legacyhealth.org/locations/other-locations/laboratory-patient-centers.aspx>)
- From the Laboratory Patient Centers page, choose your preferred location from the list
- Choose the button describing the appointment type
  - Drug Screen Collection
  - Glucose Tolerance Testing
  - Schedule All Other Lab Visits or Schedule a Lab Visit
- Select your date/time slot
- Fill in the patient information fields
- Be sure to click the green **Reserve Time** button.
- Your appointment is scheduled!

**Need help?** Client service representatives are available to guide you through the scheduling process or to schedule an appointment for you. Please call 503-413-1234 or 877-270-5566 (toll free), Option 1.

#### **Appointments Required**

To avoid crowds in waiting room and meet requirements for social distancing, LLS is requiring that patients schedule an appointment for lab draws and specimen drop-off.

#### **Locations and Hours:**

**Please refer to the reverse page for details about each site's services and hours.** Not all services are offered at all locations. If the site you choose does not display the drug screen or glucose tolerance buttons, those services are not offered at that location.

#### **Masking Guidance**

**Masks are required:** Accommodation will be made for young children under age 2. For all other patients arriving without a mask, one will be provided. Patients with difficulty breathing will be offered the option of a face shield.
