MOSAIQ Roundtable Discussion will begin approximately 30 minutes after the conference.

Elekta Impac Software invites all Legacy conference attendees to a relaxed and informal MOSAIQ roundtable discussion. This meeting offers a great opportunity to collaborate with colleagues and Impac Software experts to help your department move to a more electronic environment. Refreshments will be provided.

Please forward topics that you'd like to discuss at the meeting to greg.telesco@elekta.com.

Legacy Cancer Institute reserves the right to cancel this program if deemed necessary.

Learning objectives

1. Explain the newer imaging modalities that help make neurosurgery for brain tumors safer.
2. Describe how conformity and dose homogeneity are approached in Gamma Knife and conventional 3-D/IMRT planning.
3. Review the evaluation, diagnosis and surgical management of melanoma.
4. Discuss current standard of care systemic treatments for metastatic melanoma.
5. Identify the unique aspects of a TomoTherapy treatment.
6. Identify common physical dysfunctions following cancer treatment, and the role of physical therapy in the treatment of these dysfunctions in cancer patients.
7. Learn a survivor's perspective on how health care providers can assist a patient undergoing cancer therapy — from chemotherapy through genetic counseling, surgery and during radiation treatment.

Target audience

Legacy Health is committed to quality and excellence through a multidisciplinary team approach throughout the cancer care continuum. This annual conference is designed for any individual involved in the administration of radiation treatment for cancer and/or the care of radiation oncology patients, including administrators, dosimetrists, physicists, radiation therapists, nurses, rehabilitation therapists, social workers, dietitians or other health care professionals.

Accreditation

Accreditation has been applied for from ASRT for Category "A" contact hours, from MDCB for CMD contact hours and ARRT Category "A" credits, and from NASW for MSW credits. Legacy Health is an approved provider of continuing education for nursing. This program is approved by the California Board of Registered Nursing, provider number CEP8749, for 7 contact hours.

Conference location
