## Chief Medical Residents 2015-16

Tracy Wilson, DO

Josh Thompson, MD

*“The ‘typical resident’ at Legacy is almost non-existent. I think this is one of the terrific things about the program – the heterogeneity of house staff who come here to train... Men, women, variety of ages from late 20s to 40s, parents, singles, straight, gay – they are all welcome here. It’s a place where they all get along well and display a great spirit in working together.”*

Stephen R. Jones, MD, MACP
