“The ‘typical resident’ at Legacy is almost non-existent. I think this is one of the terrific things about the program – the heterogeneity of house staff who come here to train... Men, women, variety of ages from late 20s to 40s, parents, singles, straight, gay – they are all welcome here. It’s a place where they all get along well and display a great spirit in working together.”

Stephen R. Jones, MD, MACP
Swigert Chair of Medicine (Retired)
